Borden and Other Members of the Cabinet Repudiate Their Pre-Election Pledges.

## SIR WILFRID WAS IN FINE FIGHTING FORM

Government Are Unable to Offer Any Defence to the Liberal Onslaught.

Ottawa, March 1.—Within an hour of the opening of parliament this afternoon the division bell rang throughout the halls to summon the constituents of the various divisions. The three remaining divisions constituted a record for any one day in the history of the highways for the appointment of a tariff commission and the handling of grain. They were not without determined opposition of the Liberal members, who were in the hall, but they should not go through without the government's action being based on record by vote or being exposed to certain principles proposed by opposition to be for the public interest.

Two amendments were submitted to the highway bill, one by E. J. MacDonald (Victoria) and the other by Mr. Wilfrid Laurier, both of which were voted down. An amendment was also submitted by the Liberal chief to the tariff commission bill, which was similarly defeated.

## Government Abandons Efforts.

When the grain bill was reached Sir Wilfrid announced that several amendments would be submitted, each requiring a division, and the government abandoned its efforts to force the measure through.

It is understood that the opposition will make a strong resolution, and the bill comes up again, threatening the government's ownership of terminals.

The voting today was of considerable significance. Premier Borden and Hon. Frank Cochrane declared it was the duty of the government to divide road grants among the provinces according to population, but voted against the resolution of the Liberal leader, embodying their promise to leave Mr. M. MacDonald's bill to the provinces.

Mr. MacDonald took issue by resolution to the minister to give all the high way grants on his own initiative, on the grounds that it was the duty of the minister of subsidies to grant construction of highways to the provinces.

No defence by Government.

No defence was offered by the government to other resolutions, but Sir Wilfrid's resolution on the tariff commission bill was a sharp and significant debate. The Liberal chief, who was in particular lively good form, confronted the government with the proposition of the minister of finance and the minister of the house of M. H. Ames, and invited the government to negotiate them.

The national significance of the government's action was emphasized by the resolution for the minister to form the duties of the commission without regard to the views of any political party.

Premier Borden replied briefly and was followed by Mr. Clarke, of Red Deer, who pointed out that the amendment of the amendment which the premier now repudiated was that which characterized the Liberal platform of the most heralded Halifax platform.

Dr. and Mrs. Grenfell arrived yesterday.

## CALGARY SUPT. OPPOSES STEEL CARMEN'S UNION

Refuses Delegation from Trades and Labor Council Permission to Address Meeting at Bazaar—Says It Is No Necessity for Organization.

Calgary, March 1.—It looks as though the steel carmen would take to form a union among the local steel workers if employees may result in a lively strike.

On his return from his vacation home in the States, Mr. J. H. Macdonald, superintendent of the steel carmen, immediately took steps to counter the work done by the union organizers and held a meeting of the carmen, which he outlined his views of the matter to the men.

This meeting was held Tuesday evening at George Howell, secretary of the Trades and Labor Council, at the home of Mr. L. A. Tait, for waited upon the superintendent at the steel carmen's home, and he interviewed with the street railway men to enter the ranks with the steel carmen.

Refused Admission.

Superintendent Macdonald told Mr. Howell that he had interfered with the meeting held at the Trades Hall last night, and he refused to give a delegation from the council permission to address the meeting.

Asked whether the council would drop the matter altogether, Mr. Howell said that the council intended to press the matter and to hold the charge, which has been accepted as possible.

The visiting today was of considerable significance. Premier Borden and Hon. Frank Cochrane declared it was the duty of the government to divide road grants among the provinces according to population, but voted against the resolution of the Liberal leader, embodying their promise to leave Mr. M. ## MON. EDWARD BLAKE HAS PASSED AWAY.

Toronto, March 1.—Hon. Edward Blake, M. P. for Ontario in 1871-72, leader of the Liberal party in the Dominion parliament from 1873 to 1896, and home secretary from 1896 to 1907, died this afternoon at his residence, 45 Jarvis street, at the age of 84 years. He was born in Ontario, in 1812, and had been in public life for 40 years.

## ANOTHER CHANGE ON WOMEN.

Minneapolis, Minn., Feb. 29.—Women and mothers suffered again today in the Lawrence justice strike, when Troop B of the state militia, aided by a force of police, charged 250 women and a mob of men who were quietly waiting along Kansas street. The charge came suddenly and without warning.

Although the small army of strike-breakers and men for hire, offering not the slightest resistance, the cavalry pursued some of the women as the common, "kick away from the scene of the original crime. Several women were knocked down and trampled upon by policemen, who used their clubs freely on the men. One policeman knocked down a woman with a blackjack.

A peculiar feature of this latest action is that only one striker, a woman, was arrested. As all the strikers ran when the charge was started and no resistance was offered, the cause for the women's arrest.

## R. C. LIBERALS CONVENED.

Threefold Question of Leader, Platform and Candidates Being Discussed.

Vancouver, B.C., Feb. 28.—With delegates from the various parts of the province the Liberals are in annual convention tonight discussing the threefold question of a new leader, platform and candidates, the number and particularly the ridings they are to run in.

John Oliver, who was leader in the campaign three years ago, is presiding and though defeated in the last contest, may again be selected leader, perhaps nominated for a new constituency. The question of platform was under discussion until a late hour. Out of the three hundred delegates present fifty are from Vancouver, forty from Victoria and ten from Prince Rupert. Hon. Mr. Templeman and Duncan Home, ex-M.P., for Yale-Cariboo, being present from the capital and the G. T. P. city.

## THREE FIRES IN MINNEAPOLIS.

Standard Oil Warehouse Destroyed—Loss Estimated at \$25,000.

Minneapolis, Minn., March 1.—Three dangerous fires have commanded the attention of the Minneapolis fire department within the last ten hours, causing losses totaling thousands of dollars and directly menacing property worth millions. The first of the series originated in a mile in the Metropolitan Life Building.

The damage was small in comparison with the others, which destroyed Millard Hall on the University of Minnesota, campus and the warehouse of the Standard Oil Company at Fourth and Oak, etc., etc. The fire in the Standard Oil warehouse, which is one of the most dangerous conflagrations the department ever been called upon to fight. Repeated explosions spread the flames and quickly threatened widespread destruction. Great quantities of oil were consumed. At ten o'clock, with the fire still burning fiercely, the loss was estimated at \$25,000.

SATURDAY, MARCH 2, 1912.

The Toronto World claims that all the Hindus in British Columbia want is the right to live with their wives and children. If that is all they want why don't they go and do it?

Only six cities in Canada reported bank clearings last month larger than those of Edmonton. The percentage increase over the corresponding month last year was greater in Edmonton than in any other Canadian city. In the volume of business done and in the ratio of its growth Edmonton ranks higher than cities many times older and several times larger in population.

How rapidly Edmonton is growing is made vividly clear to the house-hunter. During the remarkably fine weather of the winter building operations have gone on with vigor, and with few interruptions. But the hundreds of new houses built during the fall and winter months have failed to meet the growth in the demand. A house-building campaign must be a conspicuous item in Edmonton's construction program for 1912.

The pigeon men are still pressing for the repeal of the ban on the pigeons. It is a pity to figure out whether it is more dangerous to comply with the request or refuse it. As every one with the request would cement the friendship of those upon whom the Government relies for existence, and as refusing it would only make those already hostile more hostile and perhaps chill the ardor of a few rural supporters of the Ministers, the odds are that the bounties will be revived.

The shareholders of the Farmers' bank claim to have been told before the election that if Mr. Borden won they would be recompensed for their losses from the Federal treasury, and are now claiming the fulfillment of the promise. Their chances might be better if they had talked about shooting holes through the British flag and denounced the idea of assisting to maintain the prestige and might of the British empire overseas.

No investigation has been held of charges—if any there were—against the officials recently discharged from the service of the Department of the Interior at Edmonton. So far as the ex-officials are aware no charges were made against them, none being alleged in the notices that their services were no longer required. Like hundreds of others throughout the Dominion, these men seem to have been displaced for no reason but that their places were wanted by party friends of the Ministers.

The Calgary Albertan has published a very fine anniversary number, marking the Albertan's tenth year of publication. The issue contains a vast amount of information relative to Calgary and Alberta, and should be a great deal of good if distributed largely throughout the United States, Eastern Canada and in other parts of the world from which we hope to draw people in large numbers. The issue is a splendid expression of the enterprise of the Albertan, and reflects its consistent effort to promote the welfare of its community and province.

## NOT MALICE, BUT A MISTAKE

A member of the Manitoba Legislature declared the other day that the East had never dealt the West a heavier blow than in the defeat of reciprocity, and foreshadowed a cleavage between the eastern and western portions of the Dominion, shaping ultimately into separation. That the renewal of permission to sell his grain in the United States was a severe blow to the western farmer, and hence to all whose welfare depends on the welfare of the Western farmer is unquestionable, and almost unquestioned. But it would be unreasonable to suppose that the people in Eastern Canada who voted against reciprocity did so with the malicious desire to injure the western farmer, and through him the western country generally. Here and there may be a small-minded individual who sees in the progress of the West something inimical to the interests of the East, and who would carry this mistaken notion into the polling booth with him, but the great

majority of the people east of the Lakes must be supposed to understand that what makes for the settlement of the West and for the welfare of the settlers in the West makes directly and indirectly for the welfare of the East also. The voters who defeated reciprocity were actuated not by malice but by a mistaken notion of their duty to the country and to themselves—just as those who stamped them into that notion were moved not by malice toward the West but by a greedy desire to subvert the public interests to the fattening of their own purses. The eastern voter really thought—foolish as the notion is—that reciprocity would in some way or other interfere with the attachment of Canadians to the Old Land, and many of them feared that the reduction of the duties on manufactured goods would be followed by more radical reductions later on—a notion which was not at all foolish. But from this mistake there should arise in the western country a clamor for separation from

the older province is unthinkable. The remedy lies not in the direct ties, but in the growth of population and representation of a country too good and too big to be held back by a group of selfish "inter-casts" who for the time deluded the voters of the eastern provinces into voting against the interests of the public both West and East.

## LOYALTY WITHOUT WORKS.

A motion asking the Government to try and secure a reduction in the cable rates to Great Britain was voted down by the Ministers and their followers at Ottawa on Thursday. The loyalty of the Ministers is only apparent when loyalty can be made the basis of an appeal for votes. When a proposal comes up to cheapen, and therefore increase the communication between the people of Canada and those of Great Britain it is received as something foreign and hostile to the Government's policy and promptly killed.

## THE FINANCIAL AND COMMERCIAL MARKETS

## Wheat and Grain Market.

Wheat. March 1.—The local wheat market trading was exceedingly active during the earlier part. On Thursday 2-4 to 1 cent advance on Thursday's close and with bull reports on low stocks and higher cash prices from Liverpool, prices advanced 1-2 to 1-4 cent with the pressure on May (new). The contract closed March 1st report of approximately \$1.40-1.41 did not affect the market, as any extent here and prices closed 1-4 cent higher for March and May (new), and 1-3 cents higher for July. The cash demand was exceedingly strong owing to increase export enquiry from Liverpool.

Chicago closed 1-4 cent higher for May and 1-1/2 cents higher for July, and 1-3/4 cents higher for September.

The Appropriate "Lenten" Food  
Jersey Cream Soda Biscuits

Are called the appropriate Lenten Food because marked superior. All McCormick's Biscuits are that. There are many reasons why. The exclusive quality of McCormick's Biscuits is the result of over half a century's careful experience in the blending of the world's best flour—over fifty years' study of the science of baking.

The best Creamy Butter—Fresh Yeast, we make it daily—Sweet, Clean, Whole Milk and Pure Flour. Every ingredient we buy for our "Bakers" must be known as the purest and the best. But to make doubly sure of purity and wholesomeness we submit samples to our Chemist for analysis.

Yes, we take more care—spend more money to insure Purity, Quality and lasting Goodness than competitors; but it pleases you better and pays us better in the long run.

Jersey Cream Soda Biscuits are justly the favorite Lenten Food. Perhaps you have decided to try them for the first time. You will like them—and you will continue to use them, because of their fine flavor—their lasting goodness, and that nourishing wholesomeness which they possess in such abundance. Ask for

Chicago Grain Market.  
Chicago, March 1.—Wheat shot upward today, impelled by news that the stock on hand in Liverpool was not so large as was reported. The market closed strong 1-2 to 1-3/4 at 7-8 o'clock, the figures of 24 hours before. Latest trading left wheat at the top of the market, the season and nearly four cents increase in two days. The pit was bare of offerings at the start, speculators almost unanimously plunging on the bull side because of the

The English market was called not only with regard to the quantities of immediate supplies but also with regard to the small share of world's shipment headed to the United States ports, and by reason of the fact that Argentina's exportable amount to the United States had been expected from the week. A decided drop in reports from the North American country for the northwestern of Chicago emphasized the millions bushels added to recent official estimates of the American harvest the total was still the lightest, since 1893.

Crop complaints from winter wheat states added to the negative force under the market. Active cash demand at Minneapolis had a similar effect. Heavy raining was in evidence on the huge but failed to bring about any important setback.

**"THERE AND BACK" LAST TIME**  
The play "There and Back" which was produced, presented for the first time last night at the Empire Theatre a very good comedy by the Arts, "There and Back." Mr. Summers as Jack McCreary is immense. He handles the Scotch dialect as only he can. Frank G. Long as Wm. Waring and Campbell Stratton as Henry Lawrence, the two young married men who get themselves into no end of trouble when they tell their wives they are going to America, but in reality take a pleasure trip to Scotland. When their wives read that the lady of the ocean, the boat on which their husbands had supposed to have sailed, sank in the middle of the Atlantic, then the comedy is fast and furious. Marie Bush as Marie Antonette Smith, the naughty girl, is exceptionally good. The harp, which she wears in the first act, causes some excitement. Belle Stevens, son and Nelly Long prove two good wives. This bill will be repeated Saturday night with a special matinee.

## "THE NEW BOY."

The farce "The New Boy" is unquestionably one of the best of its kind ever produced on the English stage. It honestly makes with "The Private Secretary" and "Charley's Aunt"; with them enjoys the distinction of having run over two years in London, and but for the accident which caused the closing of the Vaudeville Theatre, where it was running at the time, it is quite possible that it would have equalled, if not have exceeded, the phenomenal run of "Charley's Aunt" which only was running in opposition at the Globe Theatre at the time "The New Boy" was first produced at Terry's Theatre for a short run, but its success was so great and its longevity that it was continued in the bill, but when Mr. Terry resigned, the theatre for his own use, the piece had to move out, and the Manager offered it a home in the Vaudeville Theatre across the way, where it remained until the county council closed the theatre in order to remedy structural defects. The play is full of genuine humor, and depends only upon its innate comedy for laughter. In Archibald Bennet, Mr. Bancroft has a part that fits him like a glove, and one who has seen him in "The Private Secretary" have a treat in store for you in "The New Boy." It deals with the adventures of a man who, being small in size, when taken by his newly married wife to visit her cousin, a schoolmaster, is taken for a boy and is treated accordingly, both by his schoolmaster and by his boys. The boys make him rob a farmer or orchard, for which he is arrested and sentenced to be hanged, his identity revealed in time saves him from this degradation, and the real culprit is punished. An in "The Private Secretary" Mr. Bancroft has no equal, so he has succeeded in making "The New Boy" his own particular and inimitable character. "The New Boy" will be here for three nights and Saturday matinee, March 7, 8 and 9.

## LOSS FROM PEKING FIRES TOTALS FIFTEEN MILLIONS

Enormous Property Loss From Fires Set By Mutinous Troops in Peking. Soldiers Loot Hundreds of Houses in Capital City. Many Seek Refuge in Foreign Legation Quarters.

Peking, Mar. 1.—Half a mile of the legations, the quarters occupied by the Nankin delegates who came here to notify Premier Yuan of his election as president, have been completely in flames. The British legation is sending detachments throughout the city for the protection of the British mission. The Peking legation new numbers 260 and it is anticipated that the Chinese will attack the legations, their principal object being pillage.

**Thrilling Experiences.**  
The foreign soldiers who have returned to their quarters after doing duty in the streets and fugitives who have arrived, describe their experiences as thrilling. Chinese soldiers killed hundreds of houses. Some of the houses were the property of foreigners. Only articles of great value were taken. Property of all kinds which had been gathered up in the first attack was sent aside to make room for loot of greater value. Dead and wounded were lying in the streets. An English family living opposite the quarters of the Nankin delegates say that the place was attacked and set on fire early in the evening of these British people, the delegates were unable to escape.

Other refugees say that the new Wai Wu-Pu residence of Yuan Shi Kai was safely guarded by loyal troops at midnight, although nearby buildings were burning.

**Burned and Plundered.**  
The mutineers ran through the streets burning and plundering on all sides. Thousands of shops were looted.

## ROOSEVELT'S OHIO TALK HIS BEST, SAYS BRAYN

Nebraska Finds Himself in Accord With Most of What the Colonel Advocates—Declares His Address Very Progressive.

Colorado Springs, Col., Feb. 25.—"Roosevelt delivered the strongest speech he ever made at the Ohio constitutional convention on Wednesday, and I am not surprised that it put the standpatters into a panic. I do not agree with all of his arguments, but his address was very progressive along most of the lines he discussed."

"In my opinion the progressive element will win out at the Harmon national convention, with Harriman pulling the lowest foul and Underwood a close second. I do not care to predict the outcome between the Republican progressives and standpatters. The Roosevelt third term objection will prove a greater handicap than his friends seem to believe."

principally those of dealers in gold and silver and art curios and pawnbrokers. Several of the shopkeepers were shot or bayoneted. By one o'clock in the morning the shooting had ceased, probably because of a scarcity of ammunition. Parties of looting leading parties, apparently, were leaving the city before that hour. Hundreds of cannons were pointed at the legations on the yellow roofs of the Forbidden city watching the fires of whose cause they were ignorant.

**Troops Mutiny at Feng Tai.**  
Tien Tsin, Mar. 1.—Chinese troops at Feng Tai, a village 82 miles out from Peking, on the Peking-Tien Tsin railway, mutinied shortly after midnight. There was much heavy firing in the native quarter. The foreign residents, composed mostly of railway employees and their families, retired to the native quarter. The foreign soldiers of the Somerset Infantry were stationed to guard the railway line. Telegraph lines toward the capital are badly crippled. Railway men believe Feng Tai was looted during the night. All the train services toward Peking have been suspended.

**Much Quieter Now.**  
London, Mar. 1.—The situation in Peking this afternoon was much quieter according to the Exchange Telegraph company's dispatches from Tien Tsin. The burning and looting continued more or less actively during the forenoon, although nearby buildings were burning.

**\$15,000,000 Loss by Fire.**  
Peking, Mar. 1.—Incendiary fires started last night have all been extinguished or died out. The loss is estimated approximately at \$15,000,000.

The foregoing are some of the statements made by W. J. Brayn on the political situation in an interview with the press today. He was unimpaired in his praise of Roosevelt's address in Ohio last Wednesday, although he declared his opposition to some of the views declared by the former president. Brayn did not care to venture an opinion as to what Roosevelt meant when he said "My hat is in the ring."

He declared that he does not know even that Roosevelt actually made the statement attributed to him.

Asked to say on what points he differed from Roosevelt's Ohio speech Mr. Brayn said:

"I have not time in an offhand interview to take up in detail and to debate Mr. Roosevelt's speech. One of the weakest of his weak points, however, is his disposition of the trust problem. I dissent from him actively on the subject of the regulation of a monopoly. A monopoly can't possibly be retained as it is easily prevented. The prevention of monopoly does not mean the prevention of large business enterprises. It simply means the drawing of the line

beyond which the control of production shall not go.

"Mr. Roosevelt had seven and one-half years in which to test the ability of the government to control monopolies and the result was that he had no monopolies at the close of his administration that at the beginning, and one of them, the steel trust, used a legal force him to consent to the swallowing of its largest rival."

"Another weak point in Roosevelt's seeming advocacy of the appointment of judges for life with recall by the legislature. I prefer the election of judges and facing the recall by the people as well as by the legislature. The same objection that Mr. Roosevelt makes to giving the legislature the exclusive right to legislate applies to the proposition to give the legislature the exclusive right to recall judges. In other words, the recall of judges by the people is defended by the same argument that supports the initiative and referendum."

But while I mention these objections—and there are some others—I am very glad indeed that Mr. Roosevelt has thrown his great influence on the side of popular election of the senator and in favor of the initiative and referendum. While his advocacy of the recall of judges is considerably qualified, I am glad that he goes as far as he does. I am much pleased to see him attack the doctrine that judges shall be entrusted with the final decision of political questions.

"Mr. Roosevelt's speech is important not only for the support it gives to progressive ideas, but because it accentuates the division of the Republican party and proves that the Republican party is going through the shadow of death, through which the Democratic party passed in 1896, Tien Tsin. The burning and looting continued more or less actively during the forenoon, although nearby buildings were burning."

## WHY MIXED FARMING WILL BE ENCOURAGED

Farmers Who Have Stock Can Get Better Credit Than Those Who Only Grow Grain—Macdonald District Will Go Into Stock Raising.

The Hon. Dundas Marshall, who has just returned from Macleod, where he attended the provincial session, states that while there he received a delegation from the Macleod Agricultural society, the board of trade and the Merchants' association to discuss the question of dairying and mixed farming in the Macleod district. Although the Macleod district has seen very little mixed farming, but the farmers and also the merchants and bankers are very much interested in an effort to get dairy stock into that part of the province.

All parties realize that the permanent welfare of the district depends on the development of mixed farming rather than upon exclusive grain-growing, as the latter, in a bad year, puts an undue strain on the financial resources of the district. The experience of the farmers is that the banks are more willing to extend credit to the man who has stock as well as

grain than to the man who puts all his faith into crops.

The minister of agriculture was unable to state at present in what form the wishes of the delegation would be met, but steps are being taken to encourage mixed farming on the grounds mentioned. It is possible that stock may be bought by the farmers along co-operative lines. Reports state that feed has been scarce in the eastern provinces this winter and that cattle can be bought at rates which should allow the farmer a profit on the turnover.

Next week Mr. Marshall will attend the winter seed fair at Brandon, after which he will probably go on to the east.

The Macleod fair was regarded by Mr. Marshall as a great success. The entries numbered over 350 and there were entries from as far west of Edmonton as Stony Plain and as far east as Lloydminster. The cattle which took the premier award came from Limerick, on the C. N. R. east of Edmonton.

The educational meetings in connection with the fair were well attended. A public meeting, which was largely attended, was addressed by the Hon. Mr. Marshall, G. Harcourt, deputy minister of agriculture, the president of the agricultural society, and Mr. McNicoll, of Lethbridge, who spoke on the dry farming conference.

## AFTERMATH OF FIGHT.

Los Angeles, March 1.—By a 3-2 board that he stayed out and sent to James Coffey of San Francisco a telegram stating that Joe Aron decided to draw in his battle with Johnny Kilbane here Feb. 22. Joe Aron has given added impetus today to a controversy that has been going on since the fight between the two fighters throughout the country.

The day after Aron's disastrous attempt to defend his title at Vernon in California, he was called by the referee's decision. Aron declared that he was not satisfied with the referee's decision and that the former heavyweight champion had given his opinion to Coffey asking whether Coffey would stand a large sum of money.

Aron returned last night from a hunting trip and was informed that he had been quoted as disagreeing with Coffey and as upholding Aron's claims. After due deliberation Coffey said:

"Aron's decision was just and the only one possible. Kilbane earned the decision and I at once congratulated Aron on his judgment. I advised Aron to keep still and not repeat what he complained to me of the decision. It took a month. Aron had put me over on me, and we have always

## The Fastest Growing City in Canada

THE CITY OF RAILROADS. THE CITY OF WHOLESALES. THE CITY OF PAY ROLLS

Edmonton, owing to its strategic position is destined to become one of the most important centres of Canada. Quebec has its Montreal; Ontario its Toronto; Manitoba its Winnipeg; British Columbia its Vancouver; similarly Alberta will have its Edmonton.

Owing to the recently proposed railroad development, Edmonton's commercial supremacy is assured. Edmonton today is the thoroughfare of the most wonderful development ever recorded in the growth and development of cities.

Very few citizens of Edmonton realize the wonderful future and possibilities of the city. What is today vacant prairie land will, in the course of the next five years, be converted into busy business and residential streets.

# Crescent View

CRESCENT VIEW might very aptly be termed one of the beauty spots of Edmonton. Located as it is with the beautiful Saskatchewan river on one side and the Clever Bar Road on the other, and in direct access between the business portion of Edmonton and the Alberta College, it is most sure to become, in a very short time, one of Edmonton's most choice residential districts.

### SUMMARY OF THE DAY'S NEWS

**HOCKEY**—Varsity defeat Marlinton in first game of a series of five for the possession of the Stanley Cup. By a score of four to three. Officials for the Stanley Cup series—Cleveland defeated the Montreal A.A.A.—New Edinburgh defeated Marlinton—Varsity lost in General A.—Wash may come to.

### HOCKEY

**VARSITY WINS GAME.**—By a score of four to three. The Varsity hockey team defeated the Marlinton in the first of the series of five games for the possession of the Stanley Cup. The game was one of the best seen here since the league season closed, both teams playing good hockey.

"Varsity won on the merit of their play. They checked harder than the Marlinton, but lacked combination. In the second half the wonderful play of the Marlinton prevented them from scoring three times, when a score of three to one would have been theirs."

"Varsity did not have any of the Eskimos on their line-up, as had been announced, but played the game as they had used throughout the season except that North side's Hebert's position at cover-point."

The Marlinton team was not as strong, the forward line being weakened by the absence of McManis, who was playing at point, Gossy and being able to be out with the team."

The students played a strenuous game right from the start, both sides being evenly matched. The Marlinton scored a lead of two goals, they loosened up and the Marlinton would have scored up but for the brilliant work of Gossy May in goal."

Level played the best game he has seen this winter. The long individual rushes were brilliant and effective. The Marlinton team played a very good game and Gossy's work at center-point was a feature of the game."

**MOOSE TO HAVE WHISKY DRIVE.**  
On Friday evening next, the 24th of March, the members of the Moose lodge of this city will hold their second of a series of "Whisky Drive" in their club quarters, Macdonald block, corner of Seventh street and Jasper.

At 8 p.m. premises, the Moose lodge will be exhibited in the window of W. A. Ferguson, jeweller, 1st Jasper east. Vocal and instrumental music will be provided during the evening. It is requested that each gentleman be accompanied by a lady if possible.

**CAPITULA A SUCCESS.**  
The success of the new lunch room and cafeteria being conducted by the Hudsons lay Co., has been beyond expectations. Much so, although it has only been opened a few days, it has become necessary to extend it. A much larger room is being fitted up as a lunch and afternoon tea room, where the afternoon tea room and cafeteria is under the management of Mrs. Johnson, until recently the assistant manager of the department store.

There is not the slightest doubt that these very tea rooms will be as much as the success of their success is assured.

**BANQUET TO BE HELD.**  
It is now definite that the banquet intended to serve for the presentation of a celebration of the first anniversary of the first meeting of the committee arranged for this celebration, will be held at the Hotel Macdonald, on Friday evening, March 2nd.

## ILLUMINATED CAR CASE.

The illuminated street car, which was run over the street railway department last night, in celebration of the anniversary of the city, was commented on by a large number of citizens. The car was beautifully illuminated with colored electric lights. Along the sides of the car was a series of electric signs, "Honor Greater Edmonton." On the ends appeared the word "Edmonton." The windows were decorated with lights. Passengers were allowed to ride on the car free of charge. The car was run over a large part of the street railway system.

## NEW INDUSTRIAL SUBDIVISION.

The subdivision of land for a new industrial on the market by Ernest Hemmelford & Company, Limited. The subdivision, which offers good factory facilities, as well as water, electric light and sewerage, is located across the present Saskatchewan bridge and lies on the east side of the road, leading up from the bridge on the south side. The firm is composed of Ernest Hemmelford, president; Duncan Macdonald, a former well known business man of Manitoba, vice president; and W. R. Miller, recently manager of one of the largest manufacturing branches in Eastern Canada. The firm has been in the industrial and commercial district of Edmonton, Limited, and in the industrial site proposed by the city, which they are now offering to the public before the public are offering some other new industrial site. Their rooms are in the new sugarman block, 12 Jasper east.

## FIXED FOR BOX ASSAULT.

Shortly before 8 o'clock yesterday afternoon Magistrate Cowan gave his decision in the charge of assault by John Clark, against R. J. Clark. The case had occupied the attention of the court from last night till six o'clock. The magistrate found the defendant guilty and imposed a fine of ten dollars and costs. The assault took place on Monday, February 24th. There had been considerable trouble between the parties over the ownership of a pile of gravel situated on the property of the Edmonton Brick Co., near Clark's house. The complainant and his brother, John Clark, on Monday came to measure the pile. They were ordered off by Clark, who it is alleged, struck the complainant with his fist and also with a heavy piece of a wagon tongue. The complainant stated one finger had been paralyzed by a blow from this weapon. A second charge of assault was preferred by John Clark, who was withdrawn.

## OLD ONTARIO MEET.

Representatives of the counties of Western Ontario gathered last evening in the Blue Moon Tea room and spent a pleasant time. The Middlesex, Elgin, Kent, Huron, Perth and Oxford counties were well represented. Addresses were delivered at the close of the program from those who at one time resided in the county in Western Ontario. The speakers were: Mr. H. H. Johnson, who spoke of the many advantages for superior to those of the other, all united in the opinion that Western Ontario, in the future, will be a great success. He was speaking, was the dardle of the day. At the conclusion of last evening's meeting, arrangements were set in motion for a trip east on the 10th of July. It is the intention to make a special trip to London, Ontario, to see the statue of the late Sir John A. Macdonald. The following program will be given for a period of about two hours. ## England Won Fifth Match.

London, Mar. 1.—England won the fifth and concluding match of yesterday when they dismissed the Australians for 20 runs, while they ran in 239. The score by innings are as follows:

England: First innings, 239; Second, 114. Australia: First innings, 20; Second, 114.

This is the fourth straight test match that the English men have won since their visit to Australia, losing the first one in December by 146 runs, and which was put down to the loss of their captain, P. F. Warner, and the strangeness of conditions, but have kept up their winning streak since their eighth victory early in January.

## THE BARBER.

Rev. H. H. Hargrave, author of "The Barber," says: "Find a Barber here that isn't a handsome, broad-shouldered, big and red blooded specimen of manly manhood. They are all, they fight well and love work to do these heroes of Mr. Hargrave's creation, and their red blooded English all the while."

The story of "The Barber" revolves around a reversal of that old question, "Shall the girl marry the boy or the boy the girl?" The question in "The Barber" is, "Shall the hero marry the heroine?" The hero, who isn't nearly so Indian, the heroine, who is a half-breed, is the hero's girl. The hero is the last chapter in the book and the last act in the play. The author is everything, everything revealing to the hero that she is "as white as a sheet."

The case chosen to delineate the different characters could scarcely be more ill fit o'clock. The magistrate found the defendant guilty and imposed a fine of ten dollars and costs. The assault took place on Monday, February 24th. There had been considerable trouble between the parties over the ownership of a pile of gravel situated on the property of the Edmonton Brick Co., near Clark's house. The complainant and his brother, John Clark, on Monday came to measure the pile. They were ordered off by Clark, who it is alleged, struck the complainant with his fist and also with a heavy piece of a wagon tongue. The complainant stated one finger had been paralyzed by a blow from this weapon. A second charge of assault was preferred by John Clark, who was withdrawn.

## OLD ONTARIO MEET.

Representatives of the counties of Western Ontario gathered last evening in the Blue Moon Tea room and spent a pleasant time. The Middlesex, Elgin, Kent, Huron, Perth and Oxford counties were well represented. Addresses were delivered at the close of the program from those who at one time resided in the county in Western Ontario. The speakers were: Mr. H. H. Johnson, who spoke of the many advantages for superior to those of the other, all united in the opinion that Western Ontario, in the future, will be a great success. He was speaking, was the dardle of the day. At the conclusion of last evening's meeting, arrangements were set in motion for a trip east on the 10th of July. It is the intention to make a special trip to London, Ontario, to see the statue of the late Sir John A. Macdonald. The following program will be given for a period of about two hours. ## CATHOLICS TO PROTEST.

Manitoba Churches Take Objection To Sealing of Boundary Question.

Winnipeg, Mar. 1.—In a heated meeting of representatives from all the parishes of the Roman Catholic church in Winnipeg last night, it was decided to hold a meeting of protest in Winnipeg next week over the action of the Dominion government in setting up a series of boundaries in the province. Roman Catholics from all parts of the province will be invited to attend the meeting.

## THE WEATHER.

Toronto, Mar. 1.—The high area over the Western provinces dominates the weather throughout Canada and cold conditions prevail in all provinces east of the Rockies.

## DISTRICT NEWS

## RED DEER.

**Bulletin News Service.**  
The annual meeting of the Red Deer Memorial hospital was held in the Oddfellows hall on Friday last when the financial statement for the year was read and the address of President F. H. Hiltman was given. Mr. Hiltman reviewed the work of the organization of the hospital. It has been practically decided to enlarge the hospital this year and if possible a nurses' home will be built. The secretary's report showed that though during the past few years there had been a deficit, there was now \$2,500 on the books.

At the regular weekly meeting of the town council held Thursday evening it was decided to engage an architect to draw up plans for the enlargement of the municipal office which are fast becoming so small. An office for the board of trade will probably be located in the new building.

The dairy school will open here on March 18th under the auspices of the provincial government, and the provincial buttermakers' convention will be held here the following week, starting March 21th. The creamery is being fitted up this week for the dairy school.

Word has been received in Red Deer this week from the minister of customs that owing to the fact that the year of this department does not start till April 1st the customs house and port of entry will not be opened till then.

Real estate is moving here. Two of large deals were put through last week. Jas. Lower sold through Latimer and Bortell the southeast quarter of section nine, one mile south of the town, to an eastern syndicate at \$200 per acre. This firm also sold the property occupied by the Red Deer Implement Co. on Second street north, consisting of eight lots and a large warehouse, to an English syndicate for \$11,000.

J. H. Killick, who has been running a general store at Elk River, Alta., for some few years, has moved to four miles west of Rocky Mountain house, where he has purchased the store of Tom Gray, an old timer. Mr. Killick is at present freighting goods from here.

A team of Lacombe bowlers visited Red Deer on Tuesday evening and played a match with a Red Deer team on McConnelly's lawn and were successful in winning by a good score. There is talk of forming a bowling league comprised of Leduc, Wetaskiwin, Lacombe and Red Deer.

H. J. Gertz is disposing of his dry goods business here and will go to Rocky Mountain house, where he will give his entire time to the firm of Fraser and Gertz, of which he is senior partner. They have established a good business there.

Frederic Hester, of the firm of Brewster and Moore, proprietors of the Rocky Mountain house store, was in Red Deer this week. This firm have a number of contracts for packing goods from the new town on the Sasatchewan to the Yellow Head pass, and are now busy freighting goods out from here for the Ironsides Coal Co. Jas. Dempsey has sold his residence on Second avenue east to Mrs. Weston.

R. B. Hurch and W. B. Grant, of Winnipeg, were visitors to Red Deer this week. Both men are old timers and former residents.

Elk Howlett, a farmer, near here, has purchased an interest in the Red Deer Implement Co. and is expected to take charge about March 1.

Jas. Malcom has accepted a position with the International Harvester Co. on their travelling staff with headquarters here.

R. N. Caracallen, of the firm of Mitchell, Caracallen & Co., has been on the coast this week on a business and pleasure trip combined. He will be gone three months, during which he expects to visit Ontario, and will make a trip to the old country.

H. W. Luckhart, who has recently sold his variety store to H. Hobar, has decided to open up in Leduc in the furniture business.

There is a very heavy freight traffic opening up on the C. P. R. and the freight cars here are on the go all the time trying to keep it moving. It is expected that as soon as the spring rush starts more cars will be placed here to enable the rapid handling of cars.

It is understood that a local firm will erect a three story brick store and office building on Ross street this year. This, with the many other enterprises, should give a great deal of employment to the laborers here.

Red Deer, Feb. 29.

A sale of useful articles is being conducted at the Methodist parsonage.

There is considerable traffic on the road from Lac La Poudre to Vegreville, where the farmers are securing their spring supplies.

The Indian department is making an addition to their store here.

The Indians of the Saddle Lake reserve held a council at the house of the head man, Thomas Makile, discussing whether to set out timber and do some sawing this spring in the reserve.

## Arbitration Treaties in Senate.

Washington, Feb. 29.—Senator Lodge today introduced an amendment to the resolution for ratification of the pending arbitration treaties with Great Britain and France to provide that any special agreement reached by the joint high commissioner of inquiry shall be made by the president with the concurrence of the senate in the full and unrestricted exercise of its constitutional powers.

It is claimed by senator Lodge that the present wording of clause three of article three of the treaties is susceptible of a construction which might delegate the constitutional treaty making power of the senate to the commissioner.

## Shire For This Country.

## TUXEDO PARK

THE BEST OF THEM ALL  
THE UNIVERSITY ADDITION

IT is a well known fact that in every city which is fortunate enough to home an institution of higher education, the district immediately surrounding is graced by beautiful homes and splendid driveways. There is an air of peculiar distinction in a college community found in no other place. Who can conceive of a more delightful location for a home than one which overlooks the stately buildings of a college, on an artistically parked campus, monumental to the learning in arts and sciences?

SOME time ago the authorities of Alberta College, the pioneer institution of advanced education in Alberta, purchased 240 acres known as lots 41-43, having found that the rapid development in every line and the increased number of students, made it necessary to erect larger and more fully equipped buildings, and as the ground owned on First St., was not adequate the new location was secured. Active work will begin at once and an institution will be established which will include in its scope aims so wide as to be entirely new in the educational development of Canada.

**TUXEDO PARK**, situated as it is, on grounds which afford an excellent view of the entire city of Edmonton, is only four blocks from the new campus of Alberta College. The location of the college in this section will insure almost immediate transportation facilities and **Tuxedo Park** will soon rank as one of the best residential districts in Edmonton.

**TUXEDO PARK** at \$100 per lot was the best buy in Edmonton before the establishing of this great institution of learning practically adjoining the property. Under present conditions then

**TUXEDO PARK** lots are actually worth at least \$200 each. We have decided, however not to raise the price for a few days to give our clients and eastern agents an opportunity to make their selections at the original price of **\$100 But You Must Act Quickly** as we will announce an advance in a very short time.

**TUXEDO PARK** lots will be finding ready sale on July First at \$300 per lot, and one year from today \$500 or more per lot. **Do Not Delay** but buy all the **Tuxedo Park** Lots you possibly can and grow rich.

### MRS. SANDISON ENTERS A STRENUOUS PROTEST

Owner of Twenty-second Street Apartment House Objects to Report of Fire Unit and Building Inspector, Denying it to be of Fitness, Construction. Urge to Know if Formative Name.

Protesting that someone had not tried a very fairly complete building that her apartment house at Twenty-second Street and Athabasca Avenue was not properly constructed, Mrs. Sandison appeared before the city commissioners yesterday and insisted that they divulge the source of the complaint. She was highly indignant over the report of Fire Chief Lauder, filed with the board Thursday in which he said no man, in company with City Building Inspector Melvor, found her tenement house of flimsy construction, and which in the event of fire breaking out would be a mass of flames before the fire department could arrive.

Three men accompanied Mrs. Sandison into the august presence of the mayor and commissioners. They brought along samples of the heavy board used in the interior of the apartment house, to which reference was made in Chief Lauder's report. Something was said to the effect that the material was fire-proof, and to satisfy himself on the point Mayor Armstrong tapped the piece of board with a mallet. The material burst nearly around the edges and with a slight time of ear-ear the mayor inquired if the material was fire-proof. He stated that he was in question and found eight families were demolished there.

The mayor called attention to a recent letter from the Western Canada Underwriters' association, threatening to raise the rate of fire insurance or withdraw the business altogether from Edmonton unless the building bylaws were remodelled and strictly enforced. Mrs. Sandison objected particularly to the fact of Chief Lauder's report. She had referred to the fact of the building it would not have made so much difference, but to say that it was of flimsy construction was fatal.

She also complained of the fact that the work of construction had been in progress since last November and no one had asked complaint until now when the building is nearly completed. The permit for the structure was given by the city on the 15th of December of last year.

I developed that the man who accompanied Mrs. Sandison in building her tenement house, and one of them told the commissioners that the building inspector had placed his O.K. on the work.

I was informed that no one from the building inspector's office had ever visited the building, intimated Mayor Armstrong.

Mrs. Sandison said that fire escapes were being attached to the building, as instructed by Mr. Melvor. She supplemented the statement of her friend that repeated efforts had been made to secure a copy of the building bylaws without avail. She wanted to conform to the law in every respect, she said.

The reason the building inspector is showing antagonism towards me arises from a bargain made several years ago," added Mrs. Sandison. "That property stands me for \$142,000, and I want this all straightened up."

She once more urged that the commissioners tell her the name of the person who complained against her building.

"No, we can't do that," returned the mayor. "If we were to do that in all cases reported people would not give us any more information, and some times we need the information."

"Well, I would just like to know and then act accordingly," said Mrs. Sandison, significantly.

She left the meeting with the assurance that the matter was now in the hands of the building inspector Melvor for a report.

**Murder at Salmon River, B.C.**

Vancouver, B.C., Mar. 1.—Held to a narrow plank cut, his hands clutching it a sailing bullet wound in his side, John Cavan was found by a friend after he had fallen in a room in a shack at Salmon River, sixty miles up the coast. Money and checks to the extent of over fifteen thousand dollars were found by the provincial police officers, who yesterday brought to the city a man named Ed. Stone, charged with the murder of Cavan.

### GRIERSON RESIDENTS AND THE CITY DUMP

Statement That They Are Not Aware of Existence of Same, is Strongly Re-asserted—It is to be Serious Menace to Health.

The statement having gone abroad that residents of Grierston street do not object to the presence of the city dumping ground in their vicinity, several of them are anxious to make the contrary. A petition was recently taken round for signatures in Grierston street setting forth that the sanitary conditions are not average of any nuisance arising from the dump.

The remainder of the residents emphatically state that they object very strongly to the dump maintaining that it is not only prejudicial to their interests as property owners but that it constitutes a serious menace to the public health.

These parties say that they are at once unable to open the windows of their houses for ventilation purposes and are also prevented from sitting out in doors in mild weather because of the stench arising from the manure that is stored right alongside their houses. They do not deny that some improvement has taken place and that the nuisance is not so bad as formerly, but they say the smell is still there even in the cold weather and that they are prevented from going to health in the warm weather.

In summer time they say the flies attracted by the dump swarm into the houses in the vicinity carrying contagious germs which are a serious menace. Children from nearby homes go down the hill on to the dump to dig and pick up tins and boxes which they find lying around and take them home to play with.

It is also doubted whether the object which the city authorities have in view, viz., the supporting of the river bank from sliding, can be attained until a retaining wall is built at the bottom.

**More Cannibals Escape Sentence.**

Victoria, B.C., Feb. 29.—When Crown Prosecutor Giovanni Fanto resumed today his examining in the Cannibal trial he recommended the jurors to shun the influence of the press. Luigi Arena, Giovanni Hehl (head of the Cannibal in the Vancouver volcanic), Maria Sennarino (wife of one of the alleged principals in the murder of Mary Ann Cameron), and Luigi Fucchi. He also recommended the jury to declare Luigi Fucchi, the nominal head of the Cannibals, the real head being Ericson.

**Navy Officers Leave for Australia.**

London, Mar. 1.—Today six non-commissioned and forty petty officers of the Victoria left for Australia to form the nucleus of the crews of construction for the new Canadian navy. The party were included twenty-three wives and forty-two children.

### WHEAT AND RANCHING AT LAKE ATHABASCA

Sergeant Miller, of H.N.W.M.P. Post at Fort Chipewyan, in City on Leave of Absence—Says Northern District Equally as Good as Edmonton for Grain Raising and Ranching.

Sergeant A. W. L. Miller, in charge of the H. N. W. M. P. post at Fort Chipewyan, is in the city on his way to his home in Scotland, having completed a four-months leave of absence. During an interview he made very likely of the possibilities of the north country. He declared it to be well grounded belief that the district about Lake Athabasca will be a good wheat country some day. The summer season is quite as long as it is in the Edmonton district and the days are much longer, thus giving the grain a great deal of sunlight and so developing it more rapidly. Wheat is being grown now at Fort Providence on Great Slave lake.

The possibilities of the country as a ranching district are undoubtedly good, for the wild buffalo still roam the prairie to the north of Lake Athabasca, and where buffalo can live there ranching should be a paying proposition.

Sergeant Miller stated that his duties in the north had to do principally with infringements on the liquor and game laws. The Indians being remarkably law abiding and easy to manage. The Indians are Cree and Chipewyan and all the same blood Indians are under the direction of the Catholic priests, all of them being Roman Catholics, there not being a single full-blooded Indian who is a Protestant.

The colony of white people at Fort Chipewyan consists of the sergeant and two troopers, two priests and three other white men. The remainder are either half-breeds or Indians. When the railroad to Athabasca Landing is finished this spring it will be possible to travel by rail and river to Fort McPherson, on Peel River, the furthest north Indian's Bay post. There has been a gold discovery reported at the east end of Lake Athabasca, but the proofs have not as yet been forthcoming.

The trapping animals in the region about Lake Athabasca are again increasing, the rabbits are the increase. The rabbit is the real fur-bearing animal, because it is the head of those animals which are trapped for their pelts. About every six years the rabbits are thinned out by plague or by those animals which live on them, so that the supply of fur is cut down considerably until the rabbits become more numerous.

Sergeant Miller has been at the Fort for four years and so is well acquainted with the district. This is his first leave of absence in ten years. He was returned to his post when his leave expires.

**HIGH LEVEL BRIDGE  
WILL BE FINISHED  
BY SPRING OF 1913**

This is Statement Made by  
Commissioner Chalmers This  
Morning.

**TENDERS CALLED FOR  
WORK ON THE SUBWAY**

These Will Close March 11, and  
Work Will Commence  
at Once.

That the high-level bridge, to span the Saskatchewan river, will not be completed and ready for use before the spring of 1913 was the statement of Commissioner Chalmers at the meeting of city commissioners yesterday. The board was called by a letter from C. Mahars, superintendent of the Canadian Pacific, at Calgary, who wrote that the bridge might have use of enough land near the depot on the south side on which to build a shelter for street car passengers.

At present passengers waiting for cars are forced to stand on the street, and it is not very pleasant in periods of inclement weather. It is proposed, therefore, to erect a temporary structure, 1825, in view of the approaching completion of the high-level bridge. Commissioner Chalmers thought it would be hardly worth while to put up such a building.

The high-level bridge will not be built before a year from this spring," said Commissioner Chalmers, who is an engineer of admitted ability. "They cannot erect the steel before next winter, so that the street car passengers might better be built."

The matter was referred to Superintendent Knies, of the street railway department, for report.

**Tenders Called for Grading Work.**  
N. E. Brooks, divisional engineer of the C.P.R., with headquarters at Regina, has called for tenders, to close March 11, for the grading to the north from the north approach of the high-level bridge, between Ninth and Tenth streets, to Jasper avenue, and also for excavations for the subway on Jasper West. The work will start as soon as contracts have been awarded.

**LICENSE DEPARTMENTS'  
WELL-STOCKED CELLAR**

Large Collection of Liquor Set by Department Officials. Reporters in Government Buildings—Department Has Almost Completely Wiped Out Brick Liquor Selling.

If bottles could speak some interesting stories might be heard from the lips of a miscellaneous collection reposing under lock and key in the basement of the government building. The particular cellar is situated beneath a flight of stairs and has a shielded air of mystery about it. As there are no windows, as if its guilty occupants hung their necks in shame, afraid to meet the light of day. A view of this apartment a Bulletin representative was admitted by Chief License Inspector Foster. On shelves and running over in profusion onto the crowded floor, were bottles of all sizes and shapes. There were round bottles, square bottles, oval, portulac-looking bottles, long, slender bottles, big bottles of almost unlimited capacity, and neat pocket flasks of the "wet drapery" order. But whatever their appearance all contained the liquid that made them live.

**Evidence of Violence.**  
The bottles, in short, were the stand-in testimony to the vigilance of the agents of the liquor license department. They were the result of seizures made by the officers of the law from blind pigs in different stages of blindness, and others who in their anxiety to supply their fellow men with liquid consolation had omitted to conform to the letter of the law, though in spirit they were certainly not lacking. All the brands of spirit known to the man who loves to liquidate his sorrows were there, but shorn of their glory and disgrace. Scotch, English, Canadian rye and Jamaican were all in treacherous together. During Mr. Foster's regime, been very active in stemming the tide of illicit liquor, and at the present time the province has probably less blind pig operating than ever before. The efforts of the license department are being aided by the better class of license holders, who are just as zealous as the license officials to eradicate illegal traffic.

**Licenses Being Guarded.**  
The interests of the public are being thoroughly safeguarded in the matter of licenses and there appears to be no danger of the trade getting into a position, as in some of the older countries, where the licensees have outlived beyond the requirements of the population, leading to the use of all kinds of means to push the sale.

Recent amendments made in the liquor license ordinance strengthen the hands of those who supervise the liquor trade. The attorney general's powers of jurisdiction are extended, so having the right to take away a license on various grounds and not only as heretofore on the one ground of unsatisfactory conduct. At the same time the legitimate hotel-keeper is not likely to experience any hardship from the new regulations. Hotels must, during prohibited hours, remove all blinds from bar room windows in order that the police may have a clear view of the premises.

**Oath of Proof on Vendor.**  
Several cases have come before the department where persons suspected of selling illicit liquors, have been

## DOCTORS HAD GIVEN UP ALL HOPE

"Fruit-a-lives" saved my Life

REVIEWER A. PIERCE, Q. May 9, 1910.  
"I look upon my recovery as nothing short of a miracle. I was for eleven years, constantly suffering from Chronic Dyspepsia and Indigestion. I was treated by several doctors, but they simply did me no good. During the latter part of my illness, I was so thin that I weighed only 95 pounds, and I vomited everything I ate.

The doctors gave me up to die as the stomach trouble proved heart weak. I was frequently unconscious. I received the Last Rites Of The Church. At this time, a lady strongly urged me to try "Fruit-a-lives". When I had taken one box, I was much better and after three boxes, I was practically well again, and had gained 150 pounds. I have taken 14 boxes in all and now weigh 245 pounds. My health is now as good as new. "Fruit-a-lives" is the only medicine in the world made of natural fruit juices and always cures Indigestion, Dyspepsia, a box, 5 for \$2.00, or trial size, 25c. At all dealers, or from Fruit-a-lives Limited, Ottawa.

that what they were selling was not intoxicating and it has been incontrovertible on the department to prove that the liquor was intoxicating. In one such case the analysis showed that the liquor contained as much as 22 per cent. of alcohol, whereas the law only allows 2 per cent. of alcohol in drinks which are sold as non-intoxicating. To insure the same will be upon the seller of liquor to prove that it is not intoxicating, which should lead to greater care being exercised by those who sell liquor which purports to be a non-intoxicating, as well as saving the province a considerable sum in law costs.

SYRUP!**

The success of Mother Seigel's Syrup as a cure for indigestion and stomach and liver disorder, is based upon the world-wide testimony of those who have proved its worth. You can always satisfy yourself of the genuineness of the testimonials printed, as the name and address of every bottle is always given.

In this instance, it is Mr. Thomas Peete, the well-known mill-owner of Dartmouth, who writes you to know how Mother Seigel's Syrup cured him of a severe attack of indigestion. He writes: "I suffered acutely for over a year, never excepting the violent pains that attacked me after food. Even half a potato was sufficient to put me in misery, but since taking Mother Seigel's Syrup I can eat anything, hot food, pies and pastry, and rise from the table feeling fit as on my first day."

"The pains in the stomach which have entirely left me, as has the constipation that troubled me for some time during the attack I lost 40 lbs. in weight. I also suffered a great deal of pain on the stomach, and my heart would thump violently at the slightest exertion."

"I shall always feel grateful to Mother Seigel's Syrup, as it has safely removed all the pains that made life and business so irksome."

When the digestive organs have from any cause become weak, out of order, no medicine will so quickly and so surely restore them to good condition as Mother Seigel's Syrup. As in Mr. Peete's case, you can take eat any ordinary food without distress and you will be nourished by it. No other preparation, whatever it contains the same combination of natural extracts as Mother Seigel's Syrup. They are selected and combined in such a way as to act directly on the stomach, liver and bowels, toning them up and enabling them to do what was intended for them to do. Buy any a little today."
